

## ***The List of all the books within the Printed Letter Bookshop***

For the love of books...

*The Printed Letter Bookshop* alludes to many books and not all by name. Maddie's list to each woman was a love letter, and so I let Janet, Claire and Madeline keep them private. I also believe as Claire does, that to understand a book's power, the reader must appropriate its story. So, often a reader of *The Printed Letter Bookshop* will find a book clearly referenced, but not named. Here I have listed every book within these pages. This accounting isn't an endorsement – I'll confess there are a couple listed below I have not read. But they are all in our *world of books* and make an appearance, even if only a whisper. So if you choose to reach for one or two, or twenty... Enjoy!
